MANY BIDDERS AT COUNCIL SESSION

Suggests Pavement Which Will Resist Destruction by Automobiles.

AID FOR FIREMEN CELEBRATION

Bids For Improvement of District No. 9 Indicate that Second Assessment Will be Necessary

Last Monday night's session of the City Council was bidders' night. Bids there were galore—bids for sprinklers, bids for road work and bids for pipes. Clerk Plump's table was piled with bids and samples, and the council room was filled with the representatives of would be contractors. The latter, however, were victims of disappointment, the Trustees being in no hurry to arrive at conclusions, preferring to take a week in which to settle upon what was for the best interest of the taxpayer.

First to be considered was the tenders for the privilege of providing the City with a brand new water wagon, for which there were three bids.

A. L. Young Manufacturing Company—$425.

Henshaw, Bulkley Company—$425.

Studebaker Bros., two different makes, $580 and $550.

As in this matter quality is an essential in connection with price, it was decided to make an investigation of the wagons before arriving at a conclusion. To allow of this, action was deferred until next Monday evening and Trustees Rice and Hynding were named as a committee to visit San Francisco and examine the wagons offered.

For water pipe and fittings there was considerable varience in the prices offered, the bids being as follows:

Christian Froelich—Pipe per ton of 2000 pounds, $33.98; 8-inch fire hydrants, $28; 8-inch gate valves, $20; 10-inch gate valves, $30; fittings per ton, $59.

Crane & Co.—Pipe per ton, $33; 8-inch fire hydrants, $21.25; 8-inch gate valves, $14.80; 10-inch gate valve $24.40; fittings per ton, $60; 8-inch culvert pipe per ton, $32.50.

United States Pipe Co.—Pipe, per ton, $32.85; 8-inch fire hydrants, $22.25; 8-inch gate valves, $18.10; 10-inch gate valves, $27.10; castings, per ton, $60. For the Corey fire hydrant, a special make, $26.10.

Geo. H. Tay—For 8-inch valves, $17.30; 10-inch valves, $28.35.

After the submission of the bids, Chairman Merrill stated that he had been informed by the managers of the Dingee Park property that it would be at least a week or ten days before they could possibly have the plans for the new reservoir ready for the contractors. As the pipe under consideration is intended for the connection and new mains needed for the installation of the service from this reservoir, it was deemed best to make no contracts binding the city to the expenditure of money until there was absolute guarantee of the completion of the main source of supply.

For street work in district No. 9, under the specifications as called for, there were but two bids, each being accompanied by samples of the rock the bidder intended to use in the work. The bids were as follows:

Hess, McCarvey and Kreiss—Per square foot, 6 3-4 cents.

The City Improvement Company of San Francisco—Per square foot, 6 cents.

As there seemed to be but little, if any, difference in the quality of the samples submitted, it was apparently an easy matter to determine which of these bids was the lowest, yet no action was taken looking to the acceptance of either. In fact, there seems to be a possibility that neither will be accepted and that there will be no contract let under the present specifications. According to the figures of the engineer, there will be approximately 666,850 square feet in the entire surface to be improved, which at the cost of the lowest bid will entail an entire cost of about $40,011. Although the Trustees have sought every possible expedient of economy in favor of the property owners, this will, before the completion of the work, make the cost a very considerable anount larger than had been estimated and necessitate the levying of a second assessment. As the Board, in their anxiety to complete the work, have been compelled to proceed under a particularly unsatisfactory set of specifications, it is possible that the entire proceedings for the improvement of the district may be commenced anew.

After the opening and consideration of these bids, a proposal was submitted by E. M. Chadbourne & Co, of San Francisco. This firm submitted a sample of a "reinforced concrete macadam" roadway surface, which they offer to lay at a cost of 9 cents per square foot for the entire work of the improvement. As this class of work was not contemplated under the specifications for the work called for, it was not asked that the bid be considered in this connection. The sample submitted elicited careful consideration from the Trustees, who were evidently attracted by the plan offered. After an examination of the sample, Mr. J. B. Young, the representative of the firm, was invited to explain the methods of use and advantages claimed for this class of street improvement. This pavement, as explained, consists of a solid concrete surface, about three inches in thickness, laid on the ground of the subgrade, and supported by a reinforcement on the lower side. It is claimed that this pavement is of especial advantage as being an almost perfect resistant to the wear of automobile travel.

At the request of representatives of the Board of Fire Wardens, several suggestions looking to the improvement of the efficiency of the fire department were adopted. For this purpose Trustee Rice was given authority to purchase 500 feet of rope, which will be used for the purpose of baricading the streets at fires in order to prevent interference with the work of firemen. Badges will also be purchased for the Fire Wardens, who will be given authority to make arrests for interference at the time of fires. It was also decided that in the future $2.50 will be paid for each team assisting in the hauling of fire apparatus to fires, upon the approval of the claim by the chief of the department. This action was taken with a view of encouraging assistance by teamsters on the sounding of an alarm.

On behalf of a committee of firemen, George West asked that they be given aid from the city in the celebration of the 20th anniversary of the organization of the fire department. This celebration, it is believed, will result in much good to the department, and assist in infusing renewed enthusiasm in the work. Members of the Board emphatically signified their desire to aid the firemen in every possible manner, and the committee was requested by Chairman Merrill to present a formulated request, with the assurance that any reasonable desire would be granted.

Trustee Rice stated that he had been requested by G. W. Lovie to ask that the Council close the ditch at the lower end of Chestnut street. This was desired at this time as it was intended to make a number of improvements at the salt works, and in doing this it will be necessary to cross this place with lumber. The request was referred to the street superintendent with the understanding that the ditch would be temporarily filled as requested.

Attorney Mansfield stated that H. C. Tuchsen desired to offer the town a gift deed to an alley in block 10 between Blaine and Adams streets in the Hooper addition. It was agreed to accept the deed when presented.

Street Superintendent Dickey informed the Council that he had been in receipt of requests for the extension of the sewer in Ninth street for a distance of about four hundred feet from C street. It was decided to make the extension and to have the work done on the contract plan.

Anniversary Celebration.

Preparations for the Odd Fellows' district picnic to take place at Congress Springs on the 26th instant are being energetically carried on and a splendid day's sport will be provided. Hon. Geo. H. Buck and Past Grand Master Gosby of San Jose will deliver addresses and the day will be given up to atheletic sports, dancing and other amusements. A special train will carry the excursionists to the grounds, starting from San Mateo at 8:45. It will leave Belmont at 8:50, Redwood at 9:05, Menlo Park 9:10, Palo Alto 9:20 and Mayfield at 9:25. The train will leave the grounds on the return at 5:30 sharp. Tickets for the round trip are $1, children half price.

New Bowling Alleys Opened.

Louis Jensen has moved his pool and billiard room and bowling alleys into the new Wooll building on Broadway where he has fitted up one of the finest amusement places south of San Francisco. His opening will take place to-night. The bowling alleys, three in number, occupy one of the store buildings and are fitted up without regard to expense. A bowling club composed of W. Barg, M. L. Benson, Carl Muller, Dr. Cummings, E. Werder, J. V. Neuman, H. Spaulding, J. Barg., E. Ted Thompson and Dr. McCracken has been formed and will devote one night a week to play

Belmont News Notes.

Belmont, April 14,—The Belmont public school, which was to have a picnic at Congress Springs, May 15th, has decided to combine with the Odd Fellows' celebration on April 26th The trustees have declared a holiday for that occasion, and all are preparing for a good time.

The new trustee for the school, elected April 2d is Thos. Pennington, a prominent business man of San Francisco, residing here He has two children attending school, and takes an active interest in it.

The baseball nine has been distinguishing itself lately by defeating Reid's three teams. The boys were were the losers in the first games, but this only stimulated them to greater efforts.

REMINISCENSES OF OUR PIONEER DAYS

Gleanings From the Records Left By Men Who Laid the Foundation of Our County.

LIVED MORE THAN A CENTURY

Early Residents Woefully Lacking in Facilities For Development of Church Interest.

While the school census returns for the year indicated a considerable increase of the population of the county, it is evident that the public school system lacked much of the popularity of the present day. In the first district, the returns showed a total of 111 children between the ages of 4 and 18 years, about equally divided between girls and boys, and of these 103 were born in California. Only 23 of these attended school during the last term, and the average daily attendance was a trifle over 13.

In the second district there were found 175 children between the ages of 4 and 18, with 84 under the age of 4 years, and of the total, 145 were natives of this state. The attendance for the last term was but 19, and the average number of pupils in the schools was but 12,

For the third district, of which this city was a part, the enumerators found 269 children between the ages of 4 and 18 years, of which 142 were boys and 127 girls, with a total of 84 under the age of 4. Of all these children, 181 were natives of the state. The largest number attending school in the district was 116, and the average daily attendance 68. Of the total children in the district, 85 resided in this city.

In the latter part of November, a movement was started for the erection of a Catholic Church in this city. As a site for the building a lot lying near the Courthouse was donated by S. M. Mezes. Subscription lists for the building fund were started and it was the intention of those in charge of the project to be ready for the commencement of building operations early in the following spring.

Appropo of them prevailing fashion of female wearing aparel, appeared the following conundrum; "Why are hoops like an obstinate man? Because they often stand out about trifles."

That there was serious need of religious organization in the city is shown by the fact that for the first time in almost a year notice is taken of an observance of the Sabbath. Services were held on Sunday, January 29, 1860, at the Court house. This service was conducted by Rev. Father Alcota, who celebrated high mass, and preached a sermon, taking it for his subject, "Love One Another."

The first actual individual ownership of lots in Union Cemetery commenced with the last day of February, 1860. At a meeting of the members of the cemetery association held February 27th, the plat of the grounds was submitted and approved, the prices of the lots ranging from $10 to $25. The following day the members met at the cemetery, and a number made selection of lots.

The organ grinder was abroad in those days, and apparently his perapathetic visits were as far from welcome as at the present time. Among the chronicles of the day is found the follwoing anent the arrival of one of these distinguished minstrels from sunny Italy: "Verily, the scarcity of local occurrences in this burg moveth us to chronicle the arrival among our people of one of Italias' oppressed sons. He beareth upon his chest a hurdy-gurdy, from which instrument he hourly grinds forth sounds which pleaseth the juvenile peop'e and causeth the canine quadrupeds to vamoose with yelping groans and sadly depressed naratives. If Pius IX considers the loss of such cusses worth grieving for, we don't,k and we think this one especially can be spared."

With the close of the first volume, March 31st, Charles N. Fox surrendered his occupancy of the editorial chair of the paper, which he had filled for almost a year. In laying down his work, Mr. Fox explained that he did so primarily because of the demands of his own business upon his time, and secondarily because he believed that the owner, Mr. Godfrey, had now become sufficiently acquainted with the people and affairs of the city to assume those duties himself. In retiring Mr. Fox comments favorably on the advancement made by the paper during the first year of its publication, and bespeaks for the publisher the hearty support of the people of the community, promising such further communications from time to time as he may deem of public interest.

On the 6th of May, 1860, at Halfmoon Bay there occured the death of a resident of this county worthy of some special note, not because of any special or remarkable event in the

Increase Our Fire Protection.

The action of Trustee Rice looking to the purchase of a fire alarm system for this city is certainly a wise one, taken none too soon. The occurance of two fires of some consequence within a very short time emphasises the need of additional protection along this line. That the property loss in either of the cases was not more serious, may be attributed to what is commonly called "good luck," rather than adequate, or even reasonable provision against the possibility of such disaster. That the firemen did excellent work, considering the facilities with which they were provided is universally admitted. In fact the members of the department were the recipients of unstinted praise from those who witnessed their efforts. Not only were they prompt in their response to the call, but made the best possible use of the means at hand.

This, however, is not sufficient for protection against this dread enemy. The best mechanic can but produce such work as the tools with which he is provided are capable. The best organized and drilled fire department, unless provided with at least a reasonable supply of efficient apparatus, is powerless in the face of fire which has once secured a good start, especially in a district where the majority of the buildings are constructed of inflamable material, as is the case in this city.

For these reasons, it seems imperative as a matter of self protection that some provision should be made, and that without delay, for the improvement of the fire fighting apparatus.

Not only should the fire alarm system be installed with the least possible delay, but further steps should be taken to improve the efficiency of the dedartment. A city of this size should have at least one servicable fire engine, as well as a considerably more abundant supply of hose. Should two fires, in different sections of the city, occur simultaneously—an ever present possibility—even the present desultory opposition would be impossible from lack of hose.

That these needed improvements would necessarily involve the outlay of some little money, goes without question. The slight burden of the outlay, in the shape of taxation to meet the expense, would be more than offset, both by the reduction of the cost of insurance which would necessarily follow, but in the additional security from loss. Members of the Fire Department many of whom have no property interests, freely give of their time and labor, and the least encouragement possible to offer them is the provision of efficient means to back their efforts. This is a matter which the Trustees should consider without delay.

J. P. Bauret to W. B. Eaton and J B. Catherwood, compoleted March 16, 1909,m East line of Middlefield Road, 105 feet suoth from Howard Avenue, in Burlingame.

Mrs. Hudson Gets Divorce.

Judge Buck on Thursday granted an interlocutory decree of divorce to Mary E. Hudson from her husband, Frederick Hudson on the grounds of failure to provide and habitual intemperance. The couple were married at San Jose September 1, 1903. The complaint recites several instances of how he abused her while intoxicated. He struck her in the face several times. The couple have not lived together for the past year.

Special Administrator.

Judge Dooling on Tuesday granted special letters of administration upon the estate of Philomeni Hans to A. J. Vuibert on his filing a bond in the sum of $400. The deceased died at St. Patrick's Seminary on February 6, 1909. The estate consists of two postoffice money orders amounting to $100 each. The duties of the special administrator will be to collect the money from the postoffice department.

COURT ORDERS CASE DISMISSED

Judge Dooling Considers Facts Do Not Warrant Trial of Charge Against Sheriff Chatham

The action of Judge Dooling in dismissing the accusation against Sheriff Chatham in the Superior Court last Tuesday is generally approved by the public. Mr. Chatham was no wilful offender. The grand jury brought an accusation against him for allowing a prisoner by the name of Clifton West to vote at the last election. It is well known that this has often been done by former sheriffs of the county. However Mr. Chatham sought legal advice before he permitted the prisoner to vote. When the court convened. District Attorney Bullock made a motion to dismiss saying that under the circumstances it would be impossible to secure a conviction and that the newspapers and citizens of the county desired the matter dropped. The court concurred in what the district attorney had said and explained that it was prepared to quash the charge on its own motion, that the results would be the same as former trials. There was no possible chance of a verdict and therefore dismissed the accusation. The course taken by Judge Dooling has the hearty approval of every citizen in the county.

Board of Trade Elects Officers.

Thee Board of Trade held an important meeting last Tuesday evening. Guy P. Hull retired from the presidency after an active years' service. George Winter was elected in his place.E. P. Heise was chosen as vice-president. Archer Kincaid was re-elected secretary treasurer. Louis Jensen and C. H. Woodhams were added to athe membership roll.

It was announced that the Peninsula Promotion League would hold it a nnnual meeting in this city on the evening May 12th.

D. Kaukasieli, a gentleman interested in silk-worm culture, addressed the board on a proposition to establish a silkworm nursery here where the silk product could be prepared for the factory. The enterprise would require a large outlay of money and in order to start it a bonus of$10,000 would be needed. The subject was taken under consideration.

It was the sense of the meeting that increased facilities be provided at the post office in the way of boxes for local patrons, and that the postal department be so informed.

It was the first meeting in the new hall and the event was duly celebrated by a banquet after the routine business of the meeting. Duff and Doyle repaired the new hall so that it is now one of the coslest in the county.

The Foresters will give a banquet to its members on April 21. Many of the grand officers will be present on that occasion.

James Logan, whose suburban home is in Linda Vista Park, has been awarded a contract by Mrs. T. F. Payne to erect a class A building in San Francisco to cost $52,000.

John MacBain is making additions to the residence of Timothy Hopkins. He is adding several sleeping rooms and making other improvements on the building.

Officer Charles Russell of the San Francisco police department is here for a few days visiting his mother. Thursday he caught 30 trout in the San Francisquito creek at Coon's bridge.

A.G. C. Hahn left Thursday for New York on a business trip. He will return in about a month. Mr. Hahn is a wealthy retired manufacturer and has resided at Fairoaks for the past 8 months. He is negotiating for the purchase of a fine home in that locality where he intends to reside in the future.

What Critics Think.

An excellent, realistic and genuine "Shylock" is Mr. Joseph de Grasse. Last evening at the Victory the gentleman gave a most admirable impersonation, and he was assisted by an extremely capable company. As the Jew of Venice, Mr. de Grasse was exceptionally fine. His acting in the Court of Justice scene rose to high levels and histrionic ability, and at no time did he overdo the part or descend to vulgar methods in order to make his points. The characterization was in every way most successful, and individuality andl distinction were features of this most commendable delineation.

William Garwood, as "Bassanio," dressed the part superbly,and spoke his lines with elegance of diction and graceful carriage.. C. D. Saunders was convincing as "Antonio" and Norcom Carson, who played the part of "Gratiano" at short notice, did excellent work.

Ida May Park, as "Portia," was delightfully womfanly and attractive. Her voice is a delight to the ear and her enunciation perfect. Her costumes, too were beautiful and elegant.

Mary St. John, as "Nerissa," and Inez Razan, as "Jessica," played these minor roles acceptably, and Joseph Cox was a ludicrous "Launcelot."

Attention to minor details was noticeable throughout the play. The costumes were particularly pleasing, the tableau groupings were decidedly effective and there was a pleasurable flavor to the whole performance which should cause last evening's audience to advertise the play and help fill the theater this evening, when "The Merchant of Venice" will be repeated.—San Jose Mercury.

NEWS OF COUNTY PUBLIC SCHOOLS

San Mateo Pupils Will Have an Exhibit at Seattle Exposition.

A copy of the 1908 Reorpt of the Sup't of Public Instruction of the Territory of Arizona was lately received by Sup't Cloud. The principal feature of this report is a thesis presented to the Department of History of Leland Stanford University, entitled "Establishment of the Arizona School system"' by Samuel Pressby McCrea, A. M.—The history takes about 70 pages of the report and is an excellent history not only of the establishment of the schools but also of the early life of the territory. Mr. McCrea has the subject matter arranged according to periods and has worked his material out in extremely careful manner and has also made it interesting reading. The subject matter covers all the leading events between 1864 and 1891.

The Ben Greet players will give an openair performance on the foot-ball field at Stanford University on May 5th. This company is composed of many of the best Shakesperian actors of the time. The play which will be one of Shakespeare's masterpieces will be staged in the afternoon so that all of the school children and teachers of San Mateo and Santa Clara counties can attend. The admission for school people will be 25 cents and the railroad company will give a round trip tikcet for one fare.

Most of the schools of the county have reopened after the Easter vacation.

Miss Mabel O'Connell, principal of the Millbrae school was compelled to resign her position because of ill health and has gone to Coronado where she will remain several months. Her place in Millbrae has been filled byMiss Cora Thomson of Berkeley who is a graduate of the University of California.

On Monday, the 19th instant, the pupils and teachers of the Sequoia Union High School will celebrate Patriots's Day by placing the Lincoln Tablet upon the walls of the school building. Appropriate exercises will be held.

The primary class of the San Mateo school is the only one from this county which will be represented by an exhibit at the Alaska-Youkon Exposition at Seattle. Miss Wenck, the teacher, has sent a number of the best specimens of the weaving and raffia work of her children and it will certainly win much favorable criticism.

The senior class of Sequoia are preparing a play which they will produce late in the month the proceeds of which will be expended in preparing a good issue of the class paper.

San Jose High school and Sequoia will cross bats on the local diamond this afternoon for the championship of the sub league. The winning team will then try conclusions with the winners of the San Francisco league for the championship.

The trustees of the local grammar school will probably give the children a holiday Monday, the 26th instant, so that they can attend the Odd Fellows' Picnic which will be held at Congress Springs.

PIONEER RESIDENTS CALLED TO LAST HOME

Three Prominent Residents Of San Mateo County Pass to Great Beyond.

DEATH OF HARRIET A. WELCH

Prominent San Mateo Capitalist and Business Man Dies on Way To Native Home.

The many friends of Mrs. Harriet A. Welch will be pained to learn of her death which occurred last Tuesday night. She was ill for a long period but bore her suffering with true christian fortitude knowing that when the end came shew ould go to that other and better world where suffering and pain are unknown. Mrs. Welch was the widow of the late R. C. Welch who died in this city some twenty years ago. He held the office of justice of the peace for a number of years. The deceased came to this state in 1851 and to the county in 1867. Mrs. Welch took up her residence in Redwood City in 1874 and has lived here ever since. In her younger years Mrs.Welch was a music teacher of fine ability and there are many in the county who received theirearly musical training from her. She was a universal favorite, much beloved and esteemed by all. Her long residence in this city made her a familiar figure that will be missed. Deceased leaves two children, Walter R. Welch, game warden of Santa Cruz and Mrs. Geo. Eike enkoeter. The deceased was a native of Massachusetts, aged 83 years. The funeral will take place this morning at 10 o'clock and interment will be in Union Cemetery.

Thomas H. Beebe passed away Sunday night, April 11, at his home near Lobitos. After an illness of seven months he improved and it was thought he would soon be well again, but a week before his death he was taken with a paralytic stroke from which he never rallied.

Mr. Beebe was another of the old pioneers, having crossed the plains in 1850. Coming to California from Courtland county, New York, he located on the coast where he married Mary L. Durham oin 1870, who with two children, Mrs. John McNulity of San Mateo and a son, Edmund, survive him.

Deceased was greatly beloved by his family and friends, and respected by all who knew, him having been a loving anddevoted husband and father and an excellent neighbor. The funeral, which took place Tuesday, was largely attended. He was laid to rest in Union Cemetery.

T. R. Tuurner, the San Mateo capitalist, passed away at Liverpool last Sunday while on his way to his old home in Lancashire, England. He was born there 48 years ago and left San Mateo on March 20th accompanied by his wife, daughter and three sons. He was interested in numerous enterprises.

Twenty-seven years ago, as a poor boy, he entered the employ of the Pacific Coast Steamship Company, and by his industry and intelligent application to his duties, gradually worked up to the position of purchasing agent and port steward.

During the Spanish-American war he invented a folding bunk for use in the army transports, which was adopted by the War Department, and which netted him a large fortune. He was heavily interested in many commercial enterprises in San Francisco,and in the oil industry inCoalinga. He was also one of the heaviest stockholders in the Peninsula Hotel enterprise in San Mateo.

Some years ago he purchased the J. R. Carrick residence, on the Heights, and when a fire destroyed it he replaced the building with the beautiful home known as "Turner Terrace."

He was a valued resident of this county and his wise counsel and enterprising works will be sadly issed.

In addition to his wife, he leaves five children—Thomas J., Miss Grace and Masters Harold, Arthur and Richard Turner.

New Suits Commenced.

Max Sturmer has brought suit against his wife, Maggie Sturmer, in the Superior Court for an interlocutory decree of divorce on statutory grounds.

Ernest W.Horne has brought a suit in the Superior Court against M. B. Penick and others to foreclose a mortgage on certain lots in San Bruno Park. The amount sought to be recovered is $470, interest from Oct. 9th, 1908. and counsel fees

Mattie Cramer has commenced a suit against Charles P. Rodgers and others to recover the sum of $666.25 balance due on a promissory note. The note is secured by a mortgage on property located in Edgemar. Interest at the rate of five per cent per annum from June 13, 1908 and costs of suit are also asked for.

The International Protective Association have commenced a suit against C. S. Thompson to recover the sum of $391.39 and interest from April 19th, 1907 at the rate of 7per cent and costs of suit. The claim is for wares and merchandise furnished defendant by H. A. Howes and Company who have assigned the bill to the plaintifff.

The Town of Burlingame has commenced two suits, one against H. H. Taylor and the other against the Burlingame Investment Company to get possession of a strip of land in Burlingame Square at the depot. The town claims to own the land in question and asks the court for the possession of the land and that the defendants be ousted. The plaintiff also asks damages in the sum of $1000 for the use and occupation of the property.

M. Sheehan has applied in the Superior Court for letters of guardianship upon the estate and person of M. A. Wilson, an incompetent person. The petitioner is an old friend of Mr. Wilson's. The estate consists of portions of two lots in the San Mateo City Homestead valued at $1000. There is a mortgage of $400 on the property. Wilson, who has no relatives in the country, is a native of Russia,aged 28 years.

Pescadero Correspondence.

PESCADERO, April 16.—Geo. Ellis is improving the looks of his barn and fences with a coat of whitewash. Good for you George.

J. T. Steele is improving rapidly and is expected home in a few days.

Mrs. Dickerman is much better.

B. V. Weeks is confined to his bed by sickness.

Ed Howard is made a flying trip to San Jose Sunday last and returned Tuesday.

Chas. McCracken Jr., is here from Redwood City on his vacation and Will Steele says he is showing them how to plow.

L. Coburn returned from San Francisco Monday. He does not feel as though he was quite incompetent yet. Says he is growing younger every day

A number of men left this place to work in Hatch's mill near Halfmoon Bay, last week.

Fine weather we are having. and there are quite a few strangers in town of late. Who knows but what Pescadero may be very flourishing in the future. The trains are running to Long Bridge only nine miles away.

New Building Contracts.

The following builder's contracts were filed in the Recorder's office during the week:

Taylor Brothers agree to erect a four room cottage in San Mateo Park for Charlotte J. Adamson for $1450.

W. C. Couter Co. agrees to erect for Charles Beuck of Minneapolis in 75 working days a one story dwelling in San Mateo Park subdivision No. 1, for $2380.

HUSBAND SECURES DIVORCE

Thomas W. Butcher Secures Decision On Cross Complaint After Long Contest Against Wife.

Judge Buck on Thursday granted an interlocutory decree of divorce to Thomas W. Butcher on a cross complaint. Emma A. Butcher brought suit for divorce but her husband brought in a cross complaint charging her with cruelty. She has been given the home at San Mateo Park and $100 a month alimony. Butcher is awarded certain property in San Mateo, 376 shares of the Golden Gate Co. and 160 shares of the Apache Co., besides $771 in cash and personal property.

Happenings at Woodside.

WOODSIDE. April 16.—It is rumored that Miss Tripp will shortly go abroad and may leave for Europe during the latter part of the month. She will be gone until next fall.

Local anglers are making big catches of trout in the nearby streams. Fishing is reported good.

There is a big boom in real estate at present. Many sales have been made and are numerous inquiries for home sites. Woodside is the place to invest. Climate unexcelled and the beautiful view enchanting.

Frank Dougherty has so many inquiries for apartments at his hotel that he will be unable to accomodate his patrons.

It is about time the sprinkling wagon would get busy. There are many here desirous of getting on the water wagon, but then we will all be in that carravan after July first at which time Woodside will go dry.

Mr. and Mrs. Charles Josselyn are among the travelers who will seek rest and recreation along the pathways of the Old World during the summer. They are planning to leave for New York during the present month. The Misses Josselyn will be domiciled during their parents' absence in an attractive apartment adjoining the one now occuiped by Mr. and Mrs Gerald Rathbone in San Francisco.

Citizens Discuss Measures For Securing Improvement of Waterway.

FACILITIES ARE INADEQUATE

Increasing Manufacturing Interests Hampered by Lack of Good Water Transportation

That the people of this city are fully awake to the necessity for the improvement of the channel of Redwood Creek is fully shown by the large attendance at the recent meeting called for the purpose of considering plans for the securing of an appropriation from th National Government for that purpose. Although the meeeting had been called for the town hall, before the time setit was found that the place would be too small for the purpose, and a change was made to the large Superior Court Room in the Odd Fellows' Building.When the meeting was called to order at this place, nearly 200 citizens were present.

In calling the meeting to order, Chairman Merrill of the Town Trustees dwelt at some length upon the importance of the mavement, both to the present and future needs of the city. As an evidence of the prospective manufacturing growth of the city, Mr. Merrill stated that the Stauffer Chemical Comapny had formulated plans for the improvement of its five hundred acre tract fronting on the creek and would shortly erect a salt refinery near the water company's plant. The company was about to commence the construction of a spur track from the Southern Pacific Company's right of way along Chestnut street to the marsh, and branch lines would be run to various portions of the tract. It was planned to build a large wharf on the deep slough facing the property of the Alaska Codfish Company.

Mr. Merrill also stated that he had been in correspondence with Colonel Biddle, of the Engineer Corps, in charge of the engineering work in this distrct, who advised that the first step necessary was to determine the character and extent of the improvements desired, and then present statistics showing the extent to which the commerce of the section, both present and prospective, would justify the necessary expenditure. During the week past Colonel Biddle had visited this city, and had madea trip over the waterway. While he had expressed no opinion, he had evinced a disposition friendly to this section. and a desire to secure as much information as could be presented. To secure this information it was suggested that a committee be named by the meeting to compile all available statistics as to the present and probable volume of shipping from this port.

At the close of the remarks by Mr. Merrill, Guy P. Hull, President of the Board of Trade was called to preside over the meeting. A number of business men and residents of the city were introduced and freely expressed their views. Among these are Henry Steinberber, manager of the Frank Tanning Co., E. J. Fowler, P. P. Chamberlain, A. D. Walsh, L. P Behrens, T. C. Rice, D. R. Stafford, C. J. Hynding and Asa Hull.

The general consensus of opinion was that not only should the waterway be deepened by thorough dredging, but that the channel should be straightened. To properly accommodate the present business of the city, the creek should be deepened as for up as the wharf of the Tacoma Mill Co.,who are regularly receiving large cargoes of lumber and mill material. While deepening would relieve the present difficulty in order to make the work permanent the removal of the present sharp turns inthe course must be removed, as these prevent the rapid flow of the current necessary to keep the channel from filling. This is shown by the fact that within the past few years the filling has been very rapid.

As no definite statistics were available, no definite action could be taken until these were secured. For this purpose the chairman appointed Carl Beeger, E. J. Fowler, George W. Lovie, Herny Steinberger, Edwin B. Fox and George A. Merrill as a committee. During the past week this committee has been actively at work, and in a few days will prepare a report, when another meeting will be called.

Valuable Estate in Probate.

T. J. Turner has been granted special letters of administration upon the estate of Thomas R. Turner, who died at Liverpool, England, on April 11th. The estate consists of a number of houses and lots at San Mateo that are occupied by tenants who pay a monthly rental. The deceased owned shares of stock in the following corporations: El Cerrito Oil Company, San Mateo Hotel Company, Turner Oil Company, Hudson Patent Block Company, San Mateo Bank, Elks' Club, Apache Company, T. B. C. R.. Company. The heirs at law are, Annie Turner, Widow, T. J. Turner, the petitioner. Grace E. Harold and Arthur L. Turner. The petitioner has always collected the rents and managed the property for his father. The petition recites that the estate is valued at $10,000 but it is probably worth about $650,000.

The Empire Comedy Co. will present "A Wifes Stratagen" at the Alhambra next Thursday evening.

MANUFACTURERS BUILDING.

On the eastern side of Geyser Basin, at the Alaska-Yukon-Pacific Exposition, the handsome Manufacturers Building looks across the restless waters of the Cascades and the flashing foam of "Old Faithful," the reproduction of its namesake in Yellowstone National Park.

Its location is the most central of any of the exposition buildings, and its architectural design is especially fitting for the position it has been given. It was one of the first great exhibition palaces to be completed, and before the end of last year was ready for the reception of its vast collection of exhibits. It will house a magnificent assortment of the highest examples of man's ingenuity and invention, and within its walls will be gathered specimens of manufactured articles from the workshops of every nation of importance in the world.

It overlooks the finest of the formal gardens of the exposition, and its splendid line of pergolas, with their vine-covered columns and blossoming flowers, complete a restful and pleasing view. At no part of the grounds can be seen a more beautiful illuminating effect than is presented from the open pergolas during the late evening and early night. A million sparkling electric bulbs flash their white lights through the waters and, scattered throughout the greenery, hundreds of electroliers mingle their many hues with the riot of colors. Looking down the gentle slope of Rainier Avenue the floating craft of two lakes is brought into vision and adds the delights of a broad, light-sprinkled stretch of forest-enclosed waters to the whole effect.

SHAKSPEARIAN PLAY AT THE ALHAMBRA

"Merchant of Venice" Will Be Presented Monday.

"All the world's a stage", wrote Shakespeare and forthwith he proceeded to evolve creatures to make their entrances and their exits and for an age or two they have been doing it, with no profit to the man who evolved them, save perhaps a never dying glory, a glory which will be triumphant even when the present generation of playwriters and their puny works are gone and forgotten. Of all the successes evolved by Shakespeare, (and he never knew a failure,) "The Merchant of Venice" is without question the strongest and most noteworthy play of the age, and the character of "Shylock" the most cunning and most interesting ever conceived by any author.

Redwood City theatre-goers will have their first opportunity to witness a Shakespearean play at home next Monday evening when Mr. Henry de Grasse, one of the most promising young players of the present-day stage will present "Shylock" at the Alhambra.

By his forceful and conscientious delineation of this role, by his artistic conception of Shakespeare's masterpiece, Mr. De Grasse has won for himself a name which will carry him into higher and more lasting fame than he expected before he essayed the part. His characterization of the many-sided Jew is a treat, and press and public have united in proclaiming him one of the most finished players of the year.

His performance in Fresno recently evoked the following generous mention in the "Republican" of that city:

"Mr. DeGrasse is an artist who believes in Shakespeare, believes in the character he creates and plays it with the conviction born of his belief It is difficult to believe him to be only in his thirties when one sees the tottering old Shylock and listens to the age in his voice, shaken with passion and crying out for his daughter and his ducts—his two dearest possessions. In every line there is a significance and a master stroke given that finally completes the picture boldly and brilliantly. There is not one unnecessary movement, one unmeaning look or action. In fact, it is not means of attaining the result as it is the perfected character itself that stands out in one's rememberence of the play.

Appeal Results Disastrously.

Richard Brett was awarded $10,000 by a jury in Judge Graham's court, San Francisco, Tuesday for the injury of a leg resulting from an accident in the works of the S. H. Frank Tanning Company in this city, March 15, 1904. In a previous trial Brett was awarded $4500. The case was appealed and the lower court reversed and a new trial ordered. Brett was wheeling a truck near an elevator and stepped into a hole in the floor, which passed a rapidly moving belt. His foot caught in the belt. He spent a year in the hospital and never fully recovered, although he has been able to work.

A Portuguese whose name was learned to be John Perry created an excitement on the 9:40 train yesterday morning by his strange conduct and was put off at this city where he wandered the streets in apparent terror, at times crying for help He was taken in charge by the officers and later given into the custody of Joe Roza who took him to Pescadero where a brother, M. J. Perry, resides. The unfortunate man is undoubtedly insane but it is hoped that care will restore his reason. He recently came from Newark.

In the matter of the estate of William C. Havey, deceased.

No. 1236.

(Copy of) ORDER TO SHOW CAUSE ON SALE OF REAL AND PERSONAL PROPERTY.

Annie M. Bullivant, the Administratrix of the estate of Willam C. Havey, deceased having presented to the Judge of the Superior Court of the State of California, in and for the County of San Mateo, and filed herein her petition, duly verified, praying for an order to sell all the personal property, (other than cash) of said estate, and to sell some portion of the real estate of said deceased, for the purposes in said petition set forth:

It is hereby ordered by the Judge of said Court that all persons interested in said estate appear before the said Superior Court on Thursday, May 6, 1909, at 10 o'clock a. m. of said day, at the Court-room of said Superior Court, Odd Fellows' Hall, on Main Street, in the Town of Redwood City, San Mateo County, California, to show cause why an order should not be granted to the said Administratrix to sell all the personal property, (other than cash) of said estate, and so much of the real estate of said deceased, at public auction, as shall be necessary, and that a copy of this order be published at least four successive weeks in the "Times-Gazette," a weekly newspaper printed and published in said San Mateo County.

Dated March 29, 1909.

GEO. H. BUCK,
Judge of said Superior Court. 4-3-5t

Assessor's Instructions

To Owners of Real Estate and Personal Property.

The law requires each and every person who owns any class of property to annually, during the months of March, April or May, file a statement with the Assessor or his deputy in the county where the property is located. You should give a statement of all property owned by you on the first Monday in March at 12 o'clock m.

If you hold mortgages against others send in a mortgage statement showing amount due on each mortgage on the first Monday in March at 12 o'clock m.

No change can be made by the Assessor after he turns his books over to the Board of Supervisors on the first Monday in July. The Boards then sets as a Board of Equalization during the month of July.

Remember, if you fail to give in your assessment you fail to comply with the law and may cause yourself, the Assessor and Tax Collector much trouble, and very likely cause yourself expense.

It is much more satisfactory to the Assessor, as well as to yourself, to have your assessment correct when you go to pay your taxes.

C. D. HAYWARD,
Assessor, San Mateo County.

REACHING THE SPOT

It Can be Done, So Scores of Redwood Citizens Say

To cure an aching back.
The pains of rheumatism,
The tired-out feelings,
You must reach the spot—get at the cause.
In most cases 'tis the kidneys.
Doan's Kidney Pills are for the kidneys.

Claus Hadler, living at 107 Stambaugh St., Redwood City, Cal., says: "Doan's Kidney Pills proved to be an exceedingly fine remedy in my case. I was subject to pains across my back, and rheumatism which descended into my hips and through my limbs. Doan's Kidney Pills were finally brought to my attention, and thinking they might prove of value to me I procured a box at P. A. Ryan's drug store. From the beneficial results received from their use, I can conscientiously recommend them to other kidney sufferers.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.
